Dear Portfolio Show Visitor

My name is Katie Haymaker. I am currently a film student at Portland State University. Lately, I have been freelancing as a photographer, cinematographer, and an editor.

I have fun with photography. It is fun to be able to show my creativity. I also have fun being a videographer. When I deliver projects, it makes me happy and accomplished when I see smiles on my client's face.

Being organized helps me make sure I can keep track of assets and move projects within a team. I have no problem asking for help when needed or researching information on my own.

I am excited to sit down and discuss the various services that I can provide to enhance your business when working with you. Please contact me if you have questions or would like more information.

Thanks,

Katie
