Portland State Portfolio Showcase

1620 SW Park Ave,
Portland, OR 97201

Dear Portfolio Show Visitor

As an aspiring editor and filmmaker, I found that Portland State was the type of environment in which I could thrive due to my passion for storytelling, working with technology, and collaborating with creatives.

My love for editing content and crafting narratives has been enriched by my experiences at PSU, where I will receive a Bachelor's degree in Film in Spring 2023. My coursework in Advanced Editing and Visual Effects in particular has provided me with training and practice in the essentials of post-production processes including hands-on experience with Premiere Pro, After Effects, and Photoshop.

My coursework in Narrative Film Production and Branded Media Production, as well as my internship at Koerner Camera Systems and employment as a camera operator and production switcher for Open Signal and Portland State Athletics, has provided me with experience working in collaborative production environments and in handling equipment, materials, motion graphics assets, and other digital media assets.

I am effective at working independently and in collaboration with others. I am a quick learner, a hard worker, and a high achiever. I would appreciate a chance to chat with you to learn more your business and share who I am and what I have to offer. Thank you for your time and consideration - I hope to hear from you soon.

All the best,

Micole Joyner-Cottle
