Dear Portfolio Show Visitor,

As I approach graduation from the Portland State School of Film, I want to thank you for supporting me in this meaningful event today.

I have a passionate interest in cinema, with hands-on experience across a broad range of filmmaking disciplines, and a particular skill set in production and post-production sound. In my coursework, I have practiced branded media, narrative, and documentary production, and I have found that I thrive in collaborative environments where great communication is essential for success.

I currently work at Portland State Production Services as a Sound & Lighting Technician, supporting live events with my crew and developing a strong foundation in audio systems and signal flow. I have experience as a DJ performer and in music event planning, focusing on community and culture. I have also volunteered on the Pickathon Music Festival 2025 film crew as a Camera Operator, Editor, and Colorist. I'm currently participating in two local narrative film productions. To view my film and sound work, visit my portfolio website.

I hope to connect with you and learn about your work. I believe I am the ideal fit for both on set production work and at post-production houses because I have the creative curiosity and a deep motivation to support a creative team. I am excited to continue developing my skills in a professional environment where I can meaningfully contribute while learning from more experienced artists. I look forward to hearing from you, and I am available for an interview at your convenience.

Sincerely,

Larissa Eufrazio de Oliveira
